

Footprints Day Nurseries Outstanding Practice™ Policy and Procedure Document

Dear Parents/Carers,

Please find below our Sun Protection policy:

- All children should wear sun hats provided by parents
- Sunlight can be particularly strong between 11.00am and 3.00pm. We will avoid going out between these times if the sun is strong.
- Ambre Solaire (child friendly) sun cream will be provided by Footprints. If your child has an allergic reaction to this brand, please provide an alternative.
- Sun cream will be applied to all areas of the skin exposed to the sun, except the face unless you specifically request otherwise.

Please make sure your child/children have a hat/hats in their bags at all times.

Kind regards,

.....
 The staff can apply sun cream to my child/children as necessary during the summer months including/excluding the face. (delete as appropriate)
